INDEPENDENT AUDITOR'S REPORT

To

The Members

JHS Svendgaard Brands Ltd

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying Financial Statements of **JHS Svendgaard Brands Limited** ("the Company"), which comprise the Balance Sheet as at 31st March, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of the significant accounting policies and other explanatory information (herein after referred to as "the Financial statements").

In our opinion and to the best of our information and according to explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit, total comprehensive income, changes in equity and cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key Audit Matters are those matters that in our professional judgment were of most significance in our audit of the Standalone Financial Statements for the year ended March 31, 2021. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole and in forming our opinion thereon and we do not provide a separate opinion on these matters. We have determined the matter described below to be the Key Audit Matter to be communicated in our report:

Sr. No.	Key Audit Matters	How the matter was addressed in our audit
1	<p>Modified Audit Procedures carried out in light of COVID-19 outbreak:</p> <p>Due to COVID-19 pandemic, Nation-wide lockdown and travel restrictions imposed by Central / State Government / Local Authorities, during the period of our audit and carrying out audit remotely wherever physical access was not possible, audit could not be conducted by visiting the premises of some units of the Company.</p> <p>As we could not gather audit evidence in person or physically or through discussions and personal interactions with the officials at these units, we have identified such modified audit procedures as a Key Audit Matter.</p> <p>Accordingly, our audit procedures were modified to carry out the audit remotely.</p>	<p>Due to the outbreak of COVID-19 pandemic that caused nationwide lockdown and other travel restrictions imposed by the Central and State Governments/local administration during the period of our audit, we could not travel to the company as well as carry out the audit processes physically at the respective offices as per plan.</p> <p>Wherever physical access was not possible, necessary records, reports, documents and certificates were made available to us by the company through digital medium and emails. To this extent, the audit process was carried out on the basis of such documents, reports and records made available to us which were relied upon as audit evidence for conducting the audit and reporting for the current period.</p> <p>Such restrictions in performing audit procedures have enhanced the risk in effectively carrying out the audit and the quality of audit evidence gathered by us.</p> <p>Accordingly, we modified our audit procedures as follows:</p> <p>Conducted verification of necessary records and documents electronically through remote access vide emails in respect of the company wherever physical access was not possible.</p> <p>Carried out verification of scanned copies of the documents, deeds, certificates and the related records made available to us through emails.</p>

RAY & RAY

CHARTERED ACCOUNTANTS

		<p>Making enquiries and gathering necessary audit evidence through dialogues and discussions over phone calls/conference calls, emails and similar communication channels.</p> <p>Resolution of our audit observations telephonically/ through email instead of a face-to-face interaction with the designated officials.</p> <p>Audit Conclusion:</p> <p>Our procedures did not identify any material exceptions.</p>
--	--	---

Emphasis of Matter

Attention is drawn to the following:

- i) Note No 38 regarding the recognition of deferred tax assets aggregating to Rs. 380.75 lakh on the carry forward business loss and depreciation as the Management expects that sufficient taxable profit in future will be generated against which such assets will be realized.
- ii) Note No. 46 regarding impact of COVID-19 pandemic. The situation continues to be uncertain and the Management is evaluating the situation on an ongoing basis with respect to the challenges faced.

Our opinion is not modified in respect of this matter.

Other Matters

Effect of the country wide lockdown induced by the COVID-19 pandemic has been considered by the management of the Company in drawing up these financial statements and no further adjustment has been considered necessary (Refer Note 46)

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

RAY & RAY

CHARTERED ACCOUNTANTS

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and Those Charged with Governance for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of the financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act, read with relevant rules issued there under.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Statements.

RAY & RAY

CHARTERED ACCOUNTANTS

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, make it probable those economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in planning the scope of our audit work and in evaluating the results of our work; and to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our report we report that:
 - a) we have sought and obtained reasonably all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (Including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with Companies (Indian Accounting Standards) Rules, 2015 as specified under section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

RAY & RAY

CHARTERED ACCOUNTANTS

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

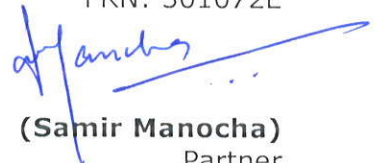

In our opinion and to the best of our information and according to the explanations given to us, the Company has not paid /provided any remuneration to its directors during the year. As such the provisions of section 197 of the Act are not applicable at present

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 read with the Companies (Audit & Auditors) Amendment Rules, 2017, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company does not have any pending litigations which would impact its financial position. Refer note 43 (i).
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses. Refer Note no 43 (ii).
- iii. The Company is not required to transfer any amount to the Investor Education and protection Fund.

Annexure A to the Independent Auditor's Report

(The Annexure referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of our report to the members of JHS Svendgaard Brands Limited of even date)

We report that

- I. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (b) As explained to us, Fixed Assets of the Company have been physically verified by the management during the year which in our opinion reasonable having regard to the size of the company and nature of the assets. As per the information given to us by the management no material discrepancies as compared to book records were noticed in respect of the Fixed Assets physically verified during the year.
- (c) The company does not have any immovable property and accordingly, the reporting under paragraph 3 (i) (c) of the said order is not applicable to the company.
- II. As explained to us and on the basis of certificate given to us, the inventory of the Company has been physically verified during the year by the management barring a few locations where physical verification of inventories by the management on the reporting date or on a date near to the reporting date was not feasible due to lockdown restrictions imposed by the Central Government for checking COVID-19. Alternative audit procedures were adopted to verify inventory balances for such locations which included reconciliation of last physically verified inventory with the inventory details as on reporting date. In our opinion and according to the information and explanations given to us, the frequency of the verification is reasonable having regard to the size of the Company and the nature of its business.
- III. According to the information and explanation given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the reporting under this clause is not applicable to the Company.
- IV. According to the information and explanation given to us, there are no loans, investments, guarantees, and security in terms of provisions of section 185 and 186 of the Companies Act, 2013. Accordingly, the reporting under this clause is not applicable to the Company

RAY & RAY

CHARTERED ACCOUNTANTS

- V. According to the information and explanation given to us, the Company has not accepted any deposits from the public covered under section 73 to 76 of the Companies Act, 2013. Hence, this clause is not applicable to the company.
- VI. As informed to us, the Central Government has not prescribed the maintenance of cost records under section 148(1) of the Act.
- VII. (a) According to the information and explanations given to us and based on the records of the company examined by us, the Company has been regular in depositing the undisputed statutory dues, including income-tax, custom duty, excise duty, Goods and Service Tax, cess and other statutory dues applicable with the appropriate authorities in India.

There are no outstanding dues as on the last date of the financial year concerned for a period of more than six months from the date, they became payable.

- (b) According to the information and explanations given to us, there are no dues of Income Tax, Sales Tax / Value Added Tax, Service Tax, Custom Duty, Excise Duty, Goods and Service Tax which have not been deposited as at 31st March, 2021 on account of any dispute.
- VIII. The company has not defaulted in repayment of loans and borrowings to a financial institution, bank, Government or dues to debenture holders. Hence, reporting under clause 3(viii) of the Order is not applicable to the company.
- IX. In our opinion and according to the information and explanation given to us, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or obtained any term loan during the year.
- X. During the course of our examination of the books and records of the company, carried out in accordance with the auditing standards generally accepted in India, we have neither come across any instance of fraud by the Company or any fraud on the company by its officers/employees, noticed or reported during the course of our audit, nor have been informed of any such instances by the management.
- XI. The clause relating to managerial remuneration and provisions of section 197 read with Schedule V to the Companies Act 2013 is not applicable to the Company.
- XII. The Company is not a Nidhi Company. Accordingly, clause (xii) of paragraph 3 of the aforesaid Order is not applicable to the Company.
- XIII. On the basis of our examination of the books of account of the Company and according to the information and explanations given to us, the transactions entered into with the related parties are in compliance with section 177 and 188 of the Act and the same has been disclosed in the Notes to the Ind AS financial statements as required by the applicable Accounting Standards (Ind AS).

RAY & RAY

CHARTERED ACCOUNTANTS

- XIV. The Company has made preferential allotment as well as private placement of shares during the year. In our opinion and according to the information and explanations given to us, the requirement of section 42 of the Companies Act 2013 has been complied with. In our opinion and according to the information and explanations given to us, based on our examination of the records etc. the amount raised have been used for the purposes for which the securities were issued.
- XV. On the basis of our examination of the records and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with him. Therefore, the provisions of Section 192 of the Companies Act, 2013 is not applicable to the Company.
- XVI. According to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

"ANNEXURE B" TO INDEPENDENT AUDITOR'S REPORT OF JHS SVENGAARD BRANDS LIMITED

Report on the Internal Financial Control under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of JHS Svendgaard Brands Limited ("the Company") as of 31st March, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

RAY & RAY

CHARTERED ACCOUNTANTS

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

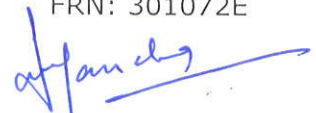

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected.

Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

JHS Svendgaard Brands Limited (Formerly Known as JHS Svendgaard Dental Care limited)

Notes to Financial Statements for the year ended 31 March, 2021

Background

JHS Svendgaard Brands Limited ("the Company", formerly known as "JHS Svendgaard Dental Care Limited") is a subsidiary Company of a Listed Public Company named JHS Svendgaard Laboratories Limited, domiciled in India and incorporated under the provisions of the Companies Act on April, 2008.

1 Basis of Preparation

a) Compliance with Indian Accounting Standard

The Standalone Ind AS financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Act.

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Division II Ind AS Schedule III, unless otherwise stated.

b) Basis of Measurement

The Financial Statements have been prepared on a historical cost convention on accrual basis, unless otherwise stated.

c) Others

Financial Statements has been prepared on a going concern basis in accordance with the applicable accounting standards prescribed in the Companies (Indian Accounting Standards) Rules, 2015 issued by the Central Government.

d) Current versus Non-Current Classification

The Company presents assets and liabilities in the Financial Statement based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

e) Foreign Currency Translation

i) Functional and Presentation Currency

Items included in the Financial Statements are measured using the currency of the primary economic environment in which the entity operates i.e. 'the functional currency'. The Financial Statements are presented in Indian rupee (` INR), which is Company's functional and presentation currency.

ii) Transactions and Balances

Foreign currency transactions are translated into the functional currency using exchange rates at the date of the transaction. Foreign exchange gains and losses from settlement of these transactions, and from translation of monetary assets and liabilities at the reporting date exchange rates are recognized in the Statement of Profit and Loss. Foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other income/ expenses.

2 Summary of significant accounting policies

a) Revenue Recognition

The Company derives revenues primarily from sale of oral care products, cosmetic products and other products.

Effective April 1, 2018, the Company adopted Ind AS 115, Revenue from Contracts with Customers, using the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The following is a summary of new and / or revised significant accounting policies related to revenue recognition.

Refer Note 2a "Significant Accounting Policies," in the Company's 2018 Annual Financials for the policies in effect for revenue prior to April 1, 2018. The effect on adoption of Ind AS 115 was insignificant.

Ind AS 115 "Revenue from Contracts with Customers" provides a control-based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

- Identify the contract(s) with a customer;
- Identify the performance obligations;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations;
- Recognise revenue when or as an entity satisfies performance obligation.

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Sale of goods

For sale of goods, revenue is recognised when control of the goods has transferred at a point in time i.e. when the goods have been dispatched to the location of customer. Following dispatch, the customer has full discretion over the responsibility, manner of distribution, price to sell the goods and bears the risks of obsolescence and loss in relation to the goods. A receivable is recognised by the Company when the goods are dispatched to the customer as this represents

the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due. Payment is due within 45-60 days. The Company considers the effects of variable consideration, non-cash consideration, and consideration payable to the customer (if any).

Variable consideration

If the consideration in a contract includes a variable amount, estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. The Company recognizes changes in the estimated amount of variable consideration in the period in which the change occurs. Some contracts for the sale of goods provide customers with volume rebates and pricing incentives, which give rise to variable consideration.

Rebates are offset against amounts payable by the customer. To estimate the variable consideration for the expected future rebates, the Company applies the most likely amount method for contracts with a single-volume threshold. The selected method that best predicts the amount of variable consideration is primarily driven by the number of volume thresholds contained in the contract. The Company then applies the requirements on constraining estimates of variable consideration and recognises a refund liability for the expected future rebates.

Contract balances

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section (g) Financial instruments - initial recognition and subsequent measurement.

Contract liabilities (which the Company refer to as advance from customer)

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

The Company presents revenues net of indirect taxes in its Statement of Profit and Loss.

Cost to obtain a contract

The Company pays sales commission to its selling agents for each contract that they obtain for the Company. The Company has elected to apply the optional practical expedient for costs to obtain a contract which allows the Company to immediately expense sales commissions (included in 'commission on sales' under other expenses) because the amortization period of the asset that the Company otherwise would have used is one year or less.

Costs to fulfil a contract i.e. freight, insurance and other selling expenses are recognized as an expense in the period in which related revenue is recognised.

Financing components

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

b) Other Income:

Interest Income

Interest income from debt instrument is recognised using the effective interest rate (EIR) method. EIR is the rate which exactly discounts the estimated future cash receipts over the expected life of the financial instrument to the gross carrying amount of the financial asset. When calculating the EIR the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayments, extensions, call and similar options) but does not consider the expected credit losses.

c) Income Tax

Income tax expense for the year comprises of current tax and deferred tax. Income tax is recognized in the Statement of Profit and Loss except to the extent that it relates to an item which is recognised in other comprehensive income or directly in equity, in which case the tax is recognized in 'Other comprehensive income' or directly in equity, respectively. The Income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current Tax

Calculation of current tax is based on tax rates applicable for respective years on the basis of tax law enacted and substantively enacted at the end of the reporting period. The Company establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities. Current is payable on taxable profit, which differs from profit and loss in financial statements. Current tax is charged to Statement of Profit and Loss. Provision for current tax is made after taking in to consideration benefits admissible under Income Tax Act, 1961.

Deferred Tax

Deferred income taxes are calculated without discounting using the Balance Sheet method on temporary differences between carrying amounts of assets and liabilities and there tax base using the tax laws that have been enacted or substantively enacted by the reporting date. However deferred tax is not provided on the initial recognition of assets and liabilities unless the related transaction is business combination or affects tax or accounting profit. Tax losses available to the carried forward and other income tax credit available to the entity are assesse for recognition as deferred tax assets.

Deferred tax liabilities are always provided for in full. Deferred tax assets are recognized to the extent that it is probable that they will be able to utilize against future taxable income.

Deferred tax asset are recognised to the extent that is probable that the underlying tax loss or deductible temporary differences will be utilized against future taxable income. This is assessed based on Company's forecast of future operating income at each reporting date.

Deferred tax assets and liabilities are offset where the entity has a right and intention to set off current tax assets and liabilities from the same taxation authority.

Minimum Alternative Tax (MAT)

Minimum alternate tax credit entitlement paid in accordance with tax laws, which gives rise to future economic benefit in form of adjustment to future tax liability, is considered as an asset to the extent management estimate its recovery in future years.

c) Leases

The Company's lease asset classes primarily consist of lease for office premises. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset. At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs. The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

d) Impairment of Non-Financial Assets

Assessment for impairment is done at each Balance Sheet date as to whether there is any indication that a non-financial asset may be impaired. Indefinite-life intangibles are subject to a review for impairment annually or more frequently if events or circumstances indicate that it is necessary.

For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or group of assets is considered as a cash generating unit. Goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Company's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquire are assigned to those units. If any indication of impairment exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made. Asset/cash generating unit whose carrying value exceeds their recoverable amount are written down to the recoverable amount by recognizing the impairment loss as an expense in the Statement of Profit and Loss. The impairment loss is allocated first to reduce the carrying amount of any goodwill (if any) allocated to the cash generating unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Recoverable amount is higher of an asset's or cash generating unit's fair value less cost of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset or cash generating unit and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognized for an asset in prior accounting periods may no longer exist or may have decreased. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the assets carrying amount does not exceed the carrying amount that would have been determined, net of depreciation and amortization, if no impairment loss had been recognized. An impairment loss recognized for goodwill is not reversed in subsequent periods.

e) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to know amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

f) Inventories

- (i) Traded goods are valued at the lower of cost and net realizable value. Cost of traded goods is determined on the FIFO basis and comprises direct material, cost of conversion and other costs incurred in bringing these inventories to their present location and condition.
- (ii) Provision for obsolescence on inventories is made on the basis of management's estimate based on demand and market of the inventories.
- (iii) Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.
- (iv) The comparison of cost and net realizable value is made on an item by item basis.

g) Financial Assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in Statement of Profit and Loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Initial Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(iii) Subsequent Measurement

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow

characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

- **Amortized cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognised in Statement of Profit and Loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method. At present no financial assets fulfill this condition.
- **Fair value through profit or loss (FVTPL):** Assets that do not meet the criteria for amortized cost or FVOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognized in the Statement of Profit and Loss and presented net in the Statement of Profit and Loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Equity instruments

All equity investments in scope of Ind AS 109, are measured at fair value. At Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss, even on sale of investment. Dividends from such investments are recognized in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognized in other gain/ (losses) in the Statement of Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iv) Impairment of Financial Assets

For all financial assets with contractual cash flows other than trade receivable, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECLs (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised as an impairment gain or loss in the Statement of Profit and Loss.

(v) Derecognition of Financial Assets

A financial asset is derecognized only when:

- The Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

h) Business Combinations

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations. The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Company. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition.

Transaction costs that the Company incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

The excess of the consideration transferred over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognised in other comprehensive income and accumulated in equity as capital reserve provided there is clear evidence of the underlying reasons for classifying the business combination as a bargain purchase.

h) Financial Liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

Financial liabilities at amortized cost

After initial measurement, such financial liabilities are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the profit or loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

i) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

j) Property plant and equipment

Freehold land is carried at historical cost. Other property, plant and equipment are stated at historical cost of acquisition net of recoverable taxes (wherever applicable), less accumulated depreciation and amortization, if any. Cost comprises the purchase price, any cost attributable to bringing the assets to its working condition for its intended use and initial estimate of costs of dismantling and removing the item and restoring the site if any.

Where cost of a part of the asset is significant to the total cost of the assets and useful lives of the part is different from the remaining asset, then useful live of the part is determined separately and accounted as separate component.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

An asset's carrying amount is written down to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

An item of property, plant and equipment and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognized.

k) Intangible Assets

An intangible asset is recognised when it is probable that the future economic benefits attributable to the asset will flow to the enterprise and where its cost can be reliably measured. Intangible assets are stated at cost of acquisition less accumulated amortization and impairment losses, if any. Cost comprises the purchase price and any cost attributable to bringing the assets to its working condition for its intended use.

Losses arising from retirement of , and gains or losses on disposals of intangible assets are determined as the difference between net disposal proceeds with carrying amount of assets and recognised as income or expenses in the Statement of Profit and Loss.

l) Capital Work in progress/ Intangible under development

Capital Work in progress/ Intangible under development represents expenditure incurred in respect of capital projects/ intangible assets under development and are carried at cost. Cost includes related acquisition expenses, development cost, borrowing cost (wherever applicable) and other direct expenditures.

m) Depreciation and Amortization

Depreciation on fixed assets has been provided on straight line method in accordance with the provisions of Part C of Schedule II of the Companies Act 2013. The Management believes that the estimated useful lives as per the provisions of Schedule II to the Companies Act, 2013, except for moulds and dies, are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Based on internal assessment and technical evaluation, the management has assessed useful lives of moulds and dies as five years, which is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

Intangible assets comprising of computer software are amortized over a period of five years.

Depreciation and amortization on addition to fixed assets is provided on pro rata basis from the date of assets are ready to use. Depreciation and amortization on sale/deduction from fixed assets is provided for upto the date of sale, deduction, discardment as the case may be.

The residual values, useful lives and methods of depreciation of property, plant and equipment and intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

All assets costing Rs. 5,000 or below are depreciated/ amortized by a one-time depreciation/amortization charge in the year of purchase.

n) **Borrowing Costs**

Borrowing cost includes interest calculated using the effective interest rate method and amortization of ancillary cost incurred in connection with the arrangement of borrowings. General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. All Other borrowing costs are expensed in the period in which they are incurred.

o) **Provisions and Contingent Liabilities**

A Provision is recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of the management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of the management/ independent experts. These are reviewed at each Balance Sheet date and are adjusted to reflect the current management estimate.

p) **Employee Benefits :**

(i) **Short-term obligations**

Short term benefits comprises of employee cost such as salaries and bonuses including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

The liabilities are presented as current employee benefit obligations in the Balance Sheet.

(ii) **Long-term obligations**

Gratuity obligations

The Company provides for the retirement benefit in the form of Gratuity. The liability or asset recognised in the Balance Sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss. Remeasurement of gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Leave encashment

The liabilities for accumulated absents are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

The obligations are presented as current liabilities in the Balance Sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

Provident Fund

All the employees of the Company are entitled to receive benefits under Provident Fund, which is defined contribution plan. Both the employee and the employer make monthly contributions to the plan at a predetermined rate as per the provisions of The Employees Provident Fund and miscellaneous Provisions Act, 1952. These contributions are made to the fund administered and managed by the Government of India.

Employee state Insurance

Employees whose wages/salary is within the prescribed limit in accordance with the Employee State Insurance Act, 1948, are covered under this scheme. These contributions are made to the fund administered and managed by the Government of India. The Company's contributions to these schemes are expensed off in the Statement of Profit and Loss. The Company has no further obligations under the plan beyond its monthly contributions.

q) Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

r) Earnings Per Share

Basic earnings per equity share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity Shares outstanding during the financial year. The weighted average number of equity shares outstanding during the period, are adjusted for events of bonus issued to existing shareholders. For the purpose calculating diluted earnings per share, the net profit or loss attributable to equity shareholders and the weighted average number of shares outstanding are adjusted for the effects of all dilutive potential equity shares, if any.

s) Segment Reporting

In line with the provisions of Ind AS 108 Operating Segments, and on the basis of the review of operations by the Chief Operating Decision Maker(CODM), the operations of the Company fall under Trading of Oral Care products, which is considered to be the only reportable segment.

t) Measurement of fair values

A number of the accounting policies and disclosures require measurement of fair values, for both financial and non-financial assets and liabilities. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Company has an established control framework with respect to the measurement of fair values. This includes a finance team that has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values.

The finance team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, is used to measure fair values, then the finance team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. Further information about the assumptions made in measuring fair values used in preparing these financial statements is included in the respective notes.

u) Assets held for Sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount is intended to be recovered principally through a sale (rather than through continuing use) when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset (or disposal group) and the sale is highly probable and is expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets and disposal groups classified as held for sale are measured at lower of their carrying amount and fair value less costs to sell.

v) Exceptional Items

An item of income or expense which its size, type or incidence requires disclosure in order to improve an understanding of the performance of the Company is treated as an exceptional item and the same is disclosed in the notes to accounts.

w) Critical estimates and judgments

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgment in applying the Company's accounting policies

This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates and judgments are:

i. Useful life of property, plant and Equipment

The estimated useful life of property, plant and equipment is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

The Company reviews, at the end of each reporting date, the useful life of property, plant and equipment and changes, if any, are adjusted prospectively, if appropriate.

ii. Recoverable amount of property, plant and equipment

The recoverable amount of plant and equipment is based on estimates and assumptions regarding in particular the expected market outlook and future cash flows. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.

iii. Estimation of defined benefit obligation

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.

iv. Estimation of Deferred tax assets for carry forward losses and current tax Expenses

The Company review carrying amount of deferred tax assets and Liabilities at the end of each reporting period. The policy for the same has been explained under Note No 2(c).

v. Impairment of Trade Receivables

The Company review carrying amount of Trade receivable at the end of each reporting period and provide for Expected Credit Loss based on estimate.

vi. Fair Value Measurement

Management uses valuation techniques in measuring the fair value of financial instrument where active market codes are not available. Details of assumption used are given in the notes regarding financial assets and liabilities. In applying the valuation techniques management makes maximum use of market inputs and uses estimates and assumptions that are, as fast as possible, consistent with observable data that market participant would use in pricing the instrument where application data is not observable, management uses its best estimate about the assumption that market participant would make. These estimates may vary from actual prices that would be achieved in an arm's length transaction at the reporting date.

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectations of

future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Note 1: Impairment tests for Goodwill

The Company tests whether goodwill has suffered any impairment on an annual basis. For the purposes of impairment testing, goodwill is allocated to the Cash Generating Units (CGU) which represents the lowest level at which the goodwill is monitored for internal management purposes.

The carrying amount of goodwill allocated to CGU is as follows:

	31 March, 2021	31 March, 2020
'Panache' Brand	79.61	79.61

The recoverable amount of the above cash generating unit was based on its value in use. The value in use of this unit was determined to be higher than the carrying amount and an analysis of the calculation's sensitivity towards change in key assumptions did not identify any probable scenarios where the CGU recoverable amount would fall below their carrying amount.

Value in use was determined by discounting the future cash flows generated from the continuing use of the CGU. The calculation was based on the following key assumptions:

- The anticipated annual revenue growth and margin included in the cash flow projections are based on past experience, actual operating results and 5-year business plan.
- The terminal growth rate of 7% representing management view on the future long-term growth rate.
- Discount rate of 15% was applied in determining the recoverable amount of the CGUs. The discount rate was estimated based on past experience and Company's weighted average cost of capital.

The values assigned to the key assumptions represent the management's assessment of future trends in the industry and based on both internal and external sources.

32 Employee benefit obligations

The Company has classified various employee benefits as under:

a) Defined contribution plans

- i.) Employees Provident fund
- ii.) Employee State Insurance Scheme

The Company has recognised the following amounts in the Statement of Profit and Loss for the year: (Refer Note- 27)

(₹ in lakhs)		
Particulars	31 March, 2021	March 31, 2020
Contribution to Provident Fund *	5.14	15.61
Contribution to Employee State Insurance Scheme*	0.90	3.80
	6.04	19.41

b) Defined benefit plans

- i.) Gratuity
- ii.) Leave encashment

Gratuity is payable to eligible employees as per the Company's policy and The Payment of Gratuity Act, 1972. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit (PUC) method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligations.

Provision for leave benefits is made by the Company on the basis of actuarial valuation using the Projected Unit Credit (PUC) method.

Liability with respect to the gratuity and leave encashment is determined based on an actuarial valuation done by an independent actuary at the year end and is charged to Statement of Profit and Loss.

Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognized immediately in the Statement of Profit and Loss as income or expense.

Other disclosures required under Indian Accounting Standards 19 "Employee benefits" are given below:

Principal Actuarial Assumptions at the Balance Sheet date

Particulars	31 March, 2021	March 31, 2020
Discount Rate (per annum)	6.40%	6.60%
Rate of increase in Compensation Levels	7.00%	7.00%
Retirement age	58 Years	
Mortality Table	100% of IALM (2012-14)	
Average withdrawal rate	Withdrawal Rate	Withdrawal Rate
a) Upto 30 Years	10%	10%
b) From 31 to 44 Years	10%	10%
c) Above 44 Years	10%	10%

The discount rate has been assumed at 6.40% p.a. (Previous year 6.60% p.a.) based upon the market yields available on Government bonds at the accounting date for remaining life of employees. The estimates of future salary increase, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market on long term basis.

Description of Risk Exposures :

Risks associated with the plan provisions are actuarial risks. These risks are:- (i) Salary increase risk (ii)Discount rate (iii)Mortality/Disability/ Withdrawals (iv)Investment risk

i) Salary increase: If actual increase in salary higher than assumed then it will increase liability.

ii) Discount rate: Reduction in yield on govt bond and hence discount rate will increase the liability.

iii) Mortality/Disability/ Withdrawals: A change in these will impact the liability.

iv)Investment Risk : If plan is funded then Asset Liability mismatch coupled with investment return less then discount rate , then it will have adverse impact on net liability/ expanses and OCI if any.

4	Other financial Liabilities	3	-	-	36.52	-	-	121.93
	Total Financial Liabilities		-	-	295.32	-	-	282.44

a) Fair valuation of financial assets and liabilities with short term maturities is considered as approximate to respective carrying amount due to the short term maturities of these instruments.

b) - Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

- Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

- Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments.

Notes to Financial Statements for the year ended 31 March, 2021

34 Financial Risk Management

Risk management objectives and policies

The Company is exposed to various risks in relation to financial instruments. The Company's financial assets and liabilities by category are summarised in Note 34. The main types of risks are interest rate risk, credit risk and liquidity risk.

The Company's risk management is coordinated by its board of directors, and focuses on actively securing the Company's short to medium-term cash flows by minimising the exposure to volatile financial markets.

The Company does not actively engage in the trading of financial assets for speculative purposes nor does it write options. The most significant financial risks to which the Company is exposed to, are described below:

1 INTEREST RATE RISK

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to significant interest rate risk because funds are borrowed at fixed interest rates. The borrowings of the Company are principally denominated in rupees and fixed rates of interest.

	As at 31 March, 2021	As at 31 March, 2020
Fixed-rate borrowings including current maturities		
- Vehicle loan	6.41	8.57
Total Borrowings(gross of transaction cost)	6.41	8.57

2 CREDIT RISK

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivable from the customers and from its financing activities, including deposit with banks and other financial instruments.

Credit risk management

For Bank and Financial Institutions, only high rated banks/ institutions are accepted.

For other counter parties, the company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of account receivables. Individual risk limits are set accordingly. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls. The Company's policy is to deal only with creditworthy counterparties only.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. The company considers reasonable and supportive forward-looking information.

The credit risk for cash and cash equivalents and other financial instruments is considered negligible and no impairment has been recorded by the Company.

Significant estimates and judgments

Impairment of financial assets

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

3 LIQUIDITY RISK

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company's is responsible for managing the short term and long term liquidity requirements. Short term liquidity situation is reviewed daily. Longer term liquidity position is reviewed on a regular basis by the Board of Directors and appropriate decisions are taken according to the situation.

	Foreign Currency	As at 31 March, 2020
Advance to suppliers	USD 8132.70	INR 666574

43 i) There is No pending litigation as on 31.03.2021

- ii) There is No Long Term Contract (Including derivative contract) exist as on 31.03.2021 for which there were any material foreseeable losses.

44 There were no significant event occurred after the balance sheet date .

45 The company is not meeting the eligibility criteria as prescribed in section 135 of Companies Act 2013 for spending on Corporate Social Responsibility and hence no such expenditure has been incurred during the year.

46 The Company has considered the possible effects that may result from the pandemic on the carrying amounts of its property, plant and equipment, investments, inventories, receivables and other current assets and liabilities. The Company has also evaluated its liquidity position, recoverability of its assets and based on current estimates expects that the carrying amount of these assets will be recovered. Further, the Company has considered internal and external information upto the date of approval of these standalone financial results. Based on the above, there has been no material impact on the operations or profitability of the company due to this pandemic.

JHS Svendgaard Brands Limited (Formerly Known as JHS Svendgaard Dental Care limited)
Notes to Financial Statements for the year ended 31 March, 2021

- 47 The Company has applied Ind AS 116 - Leases (applicable from April 01, 2019), using the modified retrospective approach. The expense towards such leases is now recorded as depreciation on Right of Use Assets and finance cost on lease liability, instead of rent expense. The company has elected not to apply the requirements of Ind AS 116 to leases which are expiring within 12 months from the date of transition by class of asset and leases for which the underlying asset is of low value on a lease-by-lease basis. Considering the ongoing COVID-19 pandemic, the company has got rental waiver in respect of its Office Building during the FY 2020-2021. The said waiver has been considered as lease modification with change in consideration and no change in lease scope.
- The difference between right of use assets together with rent equalisation reserve as on 1st April 2020 and lease liability amounting to Rs 0.37 Lakhs has been adjusted with the retained earnings.
- 48 The company in its board meeting held on 09th October, 2020 has approved the Composite Scheme of Arrangement for Amalgamation and Demerger between among JHS Svendgaard Laboratories Limited (Demerged Company/ Transferee Company), JHS Svendgaard Retail Ventures Private Limited (Resulting Company) and JHS Svendgaard Brands Limited (Transferor Company) ('Composite Scheme') under Section 230-232 of the Companies Act, 2013. In terms of the said scheme, the Company will be merged with its holding company once the scheme of arrangement is approved by appropriate authorities.
